LEE CROSTHWAITE

Partner, Brisbane

In 2014 Lee Crosthwaite became partner in Worrells Brisbane, with 12 years of corporate and personal insolvency experience. He was instrumental in two of Worrells most significant administrations—'Storm Financial' and 'We Buy Any Car'. In these highly complex and contentious appointments, Lee led the liquidators' investigations, asset recoveries, public examinations, and subsequent litigation.

Lee is also the partner responsible for Worrells 1,600 written precedents, which is integrated with Worrells proprietary software 'Workbench', to facilitate all stakeholder correspondence and reporting. These precedents demand constant adaption to external regulation and legislative changes, and to Worrells commitment to transparency and Plain Talk.

Lee's insolvency advice goes beyond high profile administrations to small-medium businesses and individuals. He believes in finding the right solution for the right situation.
