

WORRELLS

SOLVENCY + FORENSIC ACCOUNTANTS

WHO WE ARE

We are a firm dedicated to solvency management, insolvency administration and forensic investigation.

We know that dealing with personal or business insolvency can be stressful and the pressure is increased when it becomes difficult to obtain reliable and clear information.

We believe that we have a duty to ensure that advisors and their clients are well-informed and supported on insolvency issues. We recognise that the level of dependence on advisors is understated and for this reason we believe we need to be 'working together'.

Worrells' record in insolvency dates back over four decades and today we have twice as many bankruptcy trustees—than any other private insolvency practice in Australia.

With over 100 Worrells team members and partners in locations across QLD, NSW, ACT, VIC and SA, we are resourced nationally but focused locally.

Our unique systems and resources mean we leverage more experience and skill to achieve the best outcome to anyone facing insolvency.

With experience across a range of industries, we provide you with tailored options to suit each circumstance, coupled with the peace of mind you get with a trusted advisor.

POINT OF DIFFERENCE

Our proprietary technology is unrivalled in our profession. We provide twice daily website updates with relevant and comprehensive file information in real time.

Communicating directly with partners and team members regarding particular files, or obtaining general information and advice, is straightforward.
